Instructions for submitting an abstract

You are invited to submit an abstract before December 15th. **Acknowledgment of receipt will be sent automatically. If you do not receive any acknowledgment, please contact us again.**

For talks, a maximum of two abstracts will be accepted for each speaker. All authors of accepted abstracts must register and be paid in full by the early registration deadline (currently February 2018). Authors failing to comply with this rule will not be included in the Conference Programme.

Oral (spoken) presentations will be limited to 20 minutes: 15 minutes for presentation and 5 minutes for questions. Contributed oral presentations will be grouped by topic. If your abstract is accepted but cannot be accommodated as an oral presentation, we may offer you the opportunity to present a poster. All oral presentation rooms will be equipped with a computer and a data projector. Poster presenters will receive general instructions on poster format once the abstract is accepted. Detailed information and instructions on presentations at the meeting will be available to presenters several months before the meeting.

Proposals must contain the following information:

Talk or poster presentation?	Talk
Language of the presentation	English
Title of the presentation (limited to 150 characters including spaces)	A burning question: How do prescribed forest fires impact biodiversity?
Author's name	Jacquelyn Eales
<ul style="list-style-type: none">• affiliation	European Centre for Environment and Human Health, University of Exeter

Abstract (limited to 150 words)	Recent destructive wildfires in North America (California, 2017), Europe (Portugal, 2017) and Australasia (Indonesia, 2016) highlight the need for integrated management and mitigation against such disasters. Programmes of planned, low-level burns may minimise the risk of future, destructive wildfires. Furthermore, they may maintain biodiversity in forests that have evolved to experience natural burning events. We present findings from a systematic review of how such prescribed burns impact biodiversity, beyond species known to benefit from fire. We provide a narrative summary of the evidence and use

	<p>quantitative synthesis to assess the impact on non-target taxonomic groups. Our review explores the source and reasons for heterogeneity within the evidence base. We use the gathered information to identify key knowledge gaps, knowledge clusters, evidence needs and recommendations for researchers in this field.</p>
Required support for French/English translation (for talks)	

Instructions pour soumettre un résumé

Nous vous invitons à proposer un résumé en vue d'une communication orale ou d'un poster, avant le 15 décembre 2017. **Un accusé de réception sera envoyé automatiquement. Si ce n'était pas le cas, merci de nous contacter par courriel.**

Nous acceptons au maximum deux communications orales par intervenant. Tous les auteurs dont les résumés seront acceptés devront s'inscrire au congrès et avoir payé leur inscription dans sa totalité avant la date limite des inscriptions (février 2018). Si ce n'était pas le cas les organisateurs se réservent la possibilité de ne pas inclure ces communications dans le programme de la Conférence.

Le résumé pour une communication orale ou un poster doit comporter les informations suivantes :

Présentation orale ou poster ?	
Langue de la présentation	
Titre de la présentation (limité à 150 caractères, espaces compris)	
Nom de l'auteur	
<ul style="list-style-type: none"> • affiliation
